12:30 - 1:40	Lunch
1:50 - 3:00	Workshop Session 3
3:15 - 4:00	Closing and Next Steps

Workshops:

The Momentum Summit II is designed as a series of discrete workshops that guide participants through a process to develop personal professional plans for their role in the momentum work on their campus. Each workshop focuses on a different aspect of the Momentum Approach – Purpose and Focus, Clear Pathways, and Academic Mindset – and are designed to be active and engaging. Participants will work independently and with their peers in structured exercises to craft personal statements around the three areas to serve as the foundation of a more comprehensive institutional plan on Momentum.
