*This carousel model illustrates the RN-BSN nursing coursework necessary for completing a degree within one year, provided that course grades allow for earned credit. Please consult with your advisor to determine when courses can be switched out with others and taken in a different sequence than illustrated. This carousel does not take into consideration any missing general education core coursework that is required for a B.S. in Nursing. Please consult your advisor to determine what additional coursework you may need and where it will fit in your sequence. Any additional coursework could extend your degree completion beyond one year. This map is for illustrative purposes only and does not constitute a legal contract on the part of CSU since degree requirements or course offerings could change. As always, check with your advisor.
