NARRATIVE REPORT

This is where you tell us what you’ve done and how it has gone for 2018-2019

– Format is flexible; template no longer required
– Structure is largely the same as last year
– No limits on strategies; page limits are back (10)
Section 1: Institutional Mission and Student Body Profile

• Not a comprehensive review of your data and mission but a targeted discussion that explains:
  – Who you are
  – Why you are focusing your work where you are
  – Connect data tables to work you discuss later
Section 2: Momentum Year Update

• Discuss the major actions undertaken as part of your Momentum Year plan.
  – What components are still in the development or implementation phases?
  – In addition to other elements, please describe strategy taken in supporting students making a purposeful choice of a program or focus?
  – Discuss any early results to date.
Section 3: Other Institutional High-Impact Strategies, Activities & Outcomes

The narrative report section is intended to answer a few specific questions about your institution’s top priority completion work:

• What are you working on?
• Why is it important?
• What activities have you undertaken?
• What progress are you making?
• What have you learned?

Each strategy should be its own element of your report.
Section 4: Observations and Next Steps

• Briefly let us know what is working, what is not, and what changes you intend to make in the coming year.

• Should be across the full scope of your work.
Section 5: Student Success Team

• NEW.

• List the members of your student success team (this list does not count against your total pages)

• Gives us a comprehensive sense of who is working on what work on campus.
